Demerit.

A yearly tenant must take care that he gives notice to quit his premises at least a year before the time of the expiration of the current year of his tenancy. If by agreement a quarter's notice is to be given, such notice must also expire with the tenancy of that quarter. If a landlord neglects to repair the premises, according to his covenant, the tenant may maintain an action against him; but such neglect does not absolve the tenant from the payment of rent.
 A landlord can legally dispose of roads taken under a distress for rent by appraisal, without putting them up to auction. An under-tenant, who has left the premises in arrears of rent, must pay the same to his immediate landlord.
 A landlord, in action of ejectment, need not prove his title; it is quite sufficient to produce the counter-part of the lease; the mortgagee of a leasehold may be pleased in a writ of ejectment to take possession of the goods of his tenant's lodger which have been taken away under distress for rent; or may maintain an action for pound breach.

Registration of Births, &c.

BIRTHS.—Persons should cause their children to be registered within forty-two days after birth, by giving personal notice to the registrar of their district, without any fee whatever. Registration may be effected after the expiration of the forty-two days, and with the payment of a fee of 7s. 6d.; but after six months no birth can be registered. Information should be given of deaths in the same manner as births. This is of importance to be done early, as the under-tenant must have a certificate to give to the minister who reads the funeral service, without which he may refuse to bury the body. As the cause of death is to be entered, sound discretion should be exercised in ascertaining the real nature of the deceased's death, for which important purpose every facility should be given.
